Name: Phule Prathamesh Dnyandev

Title: Installation of MetaMask and study spending Ether per transaction & Create your own wallet using MataMask for crypto transactions.

Output:

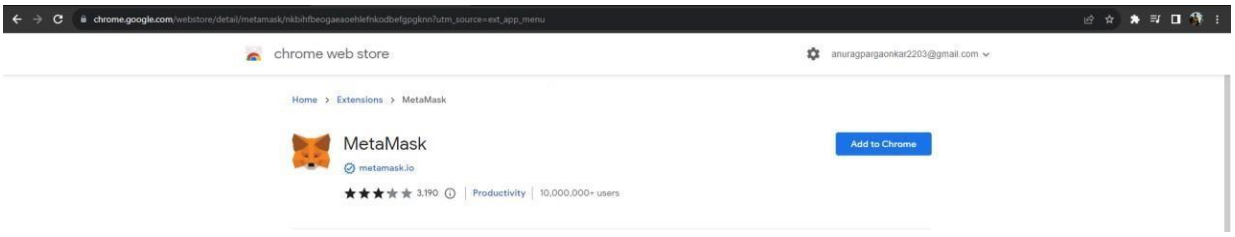
Steps to create MetaMask.

Step 1: Go to Chrome Web Store Extensions Section.

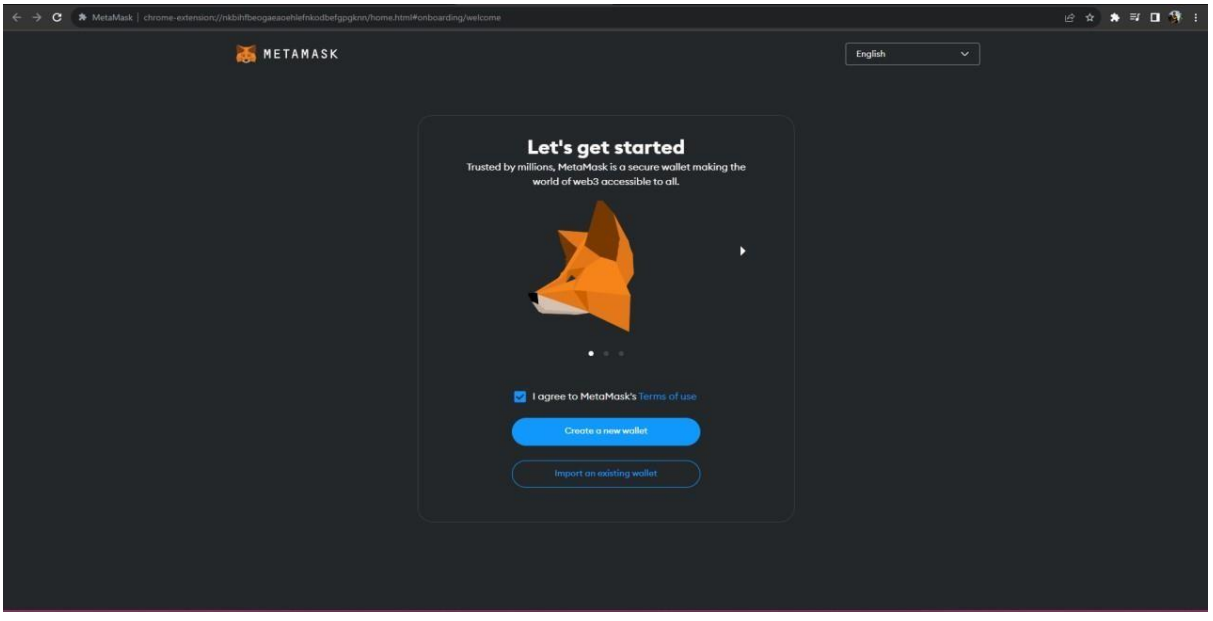
Step 2: Search MetaMask.

Step 3: Check the number of downloads to make sure that the legitimate MetaMask is being installed, as hackers might try to make clones of it.

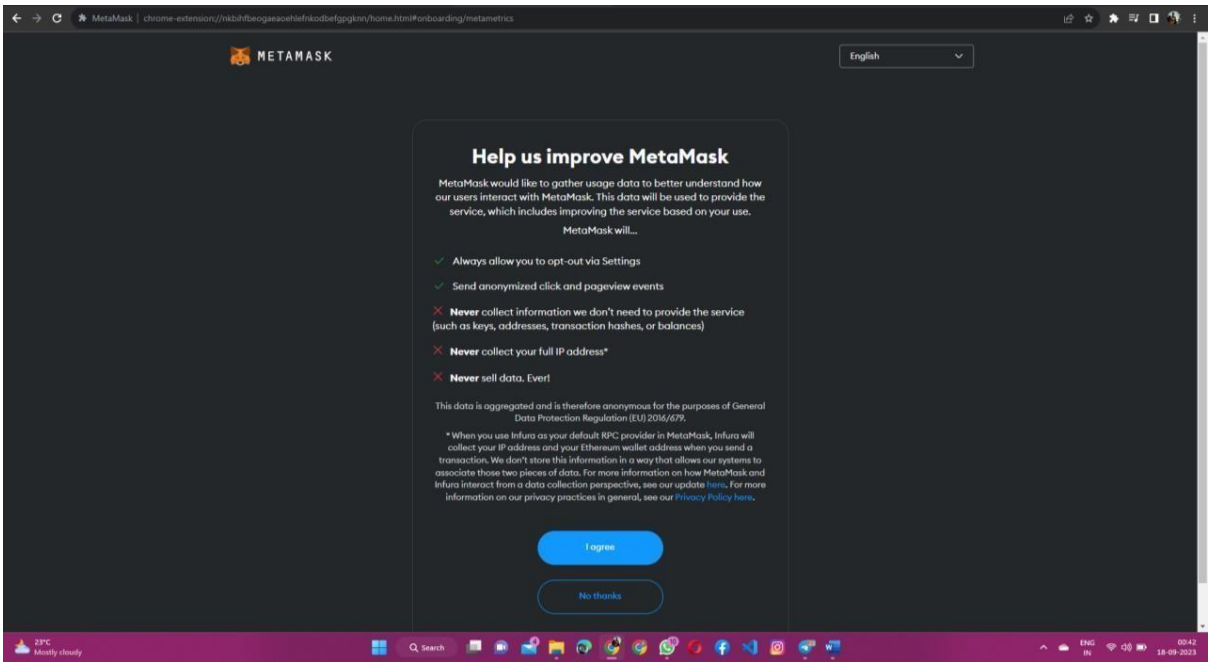
Step 4: Click the Add to Chrome button.



Step 5: This is the first time creating a wallet, so click the Create a Wallet button. If there is already a wallet then import the already created using the Import Wallet button.

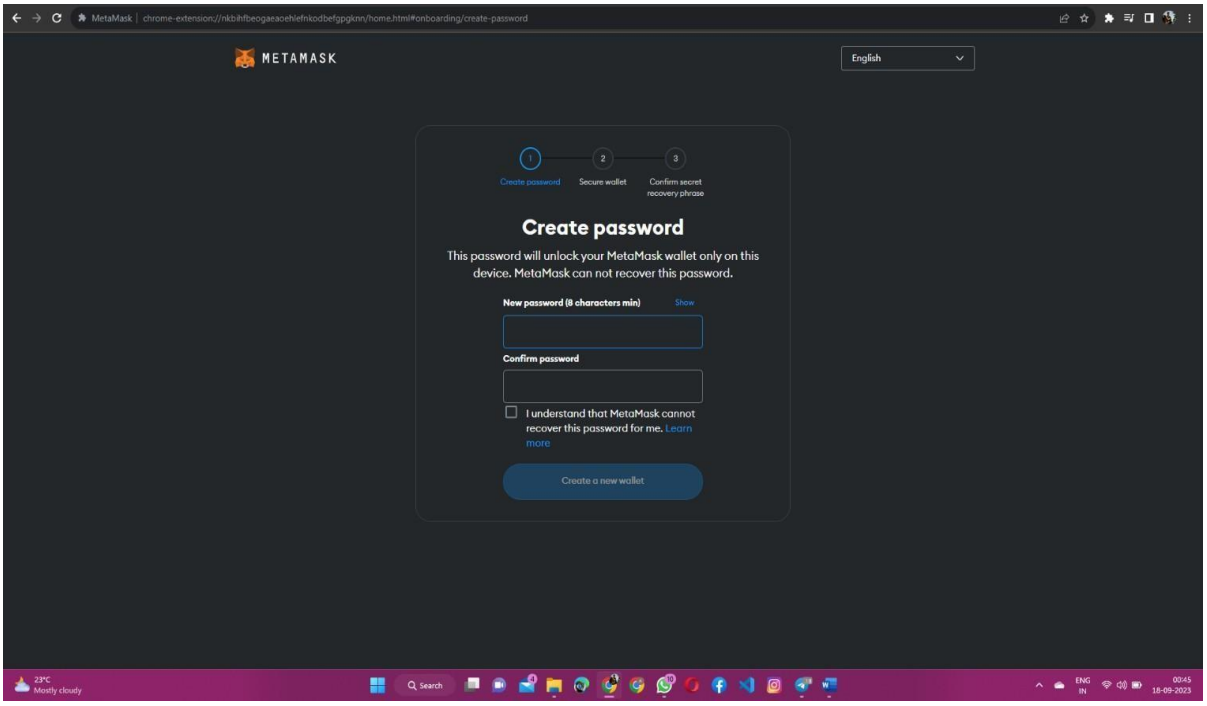


Step 6: Click I Agree button to allow data to be collected to help improve MetaMask or else click the No Thanks button. The wallet can still be created even if the user will click on the NoThanks button.

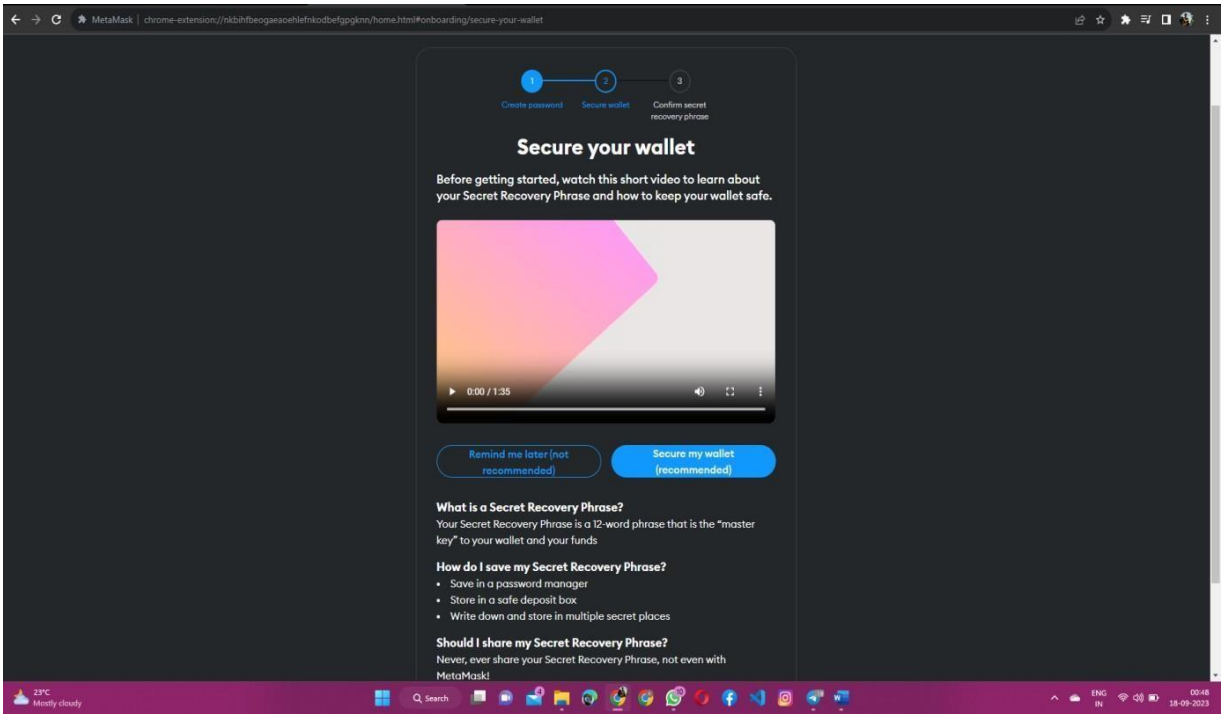


Steps to create MetaMask wallet.

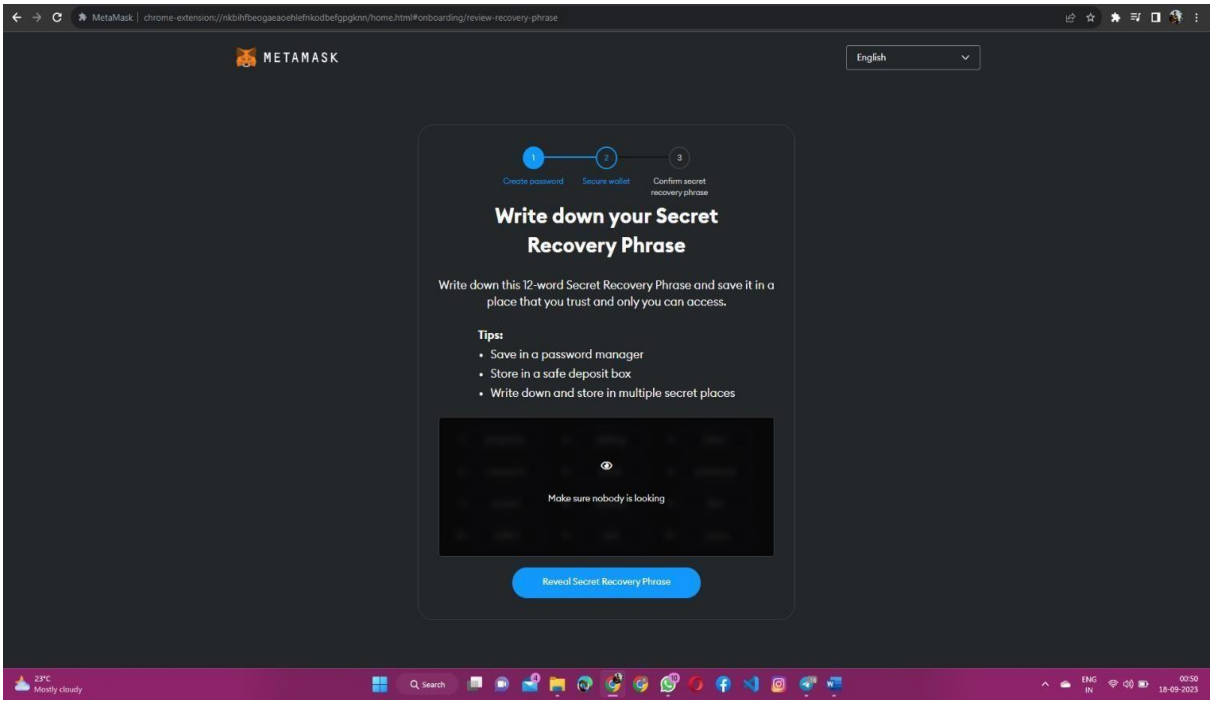
Step 7: Create a password for your wallet. This password is to be entered every time the browser is launched and wants to use MetaMask. A new password needs to be created if chrome is uninstalled or if there is a switching of browsers. In that case, go through the Import Wallet button. This is because MetaMask stores the key in the browser. Agree to Terms of Use.



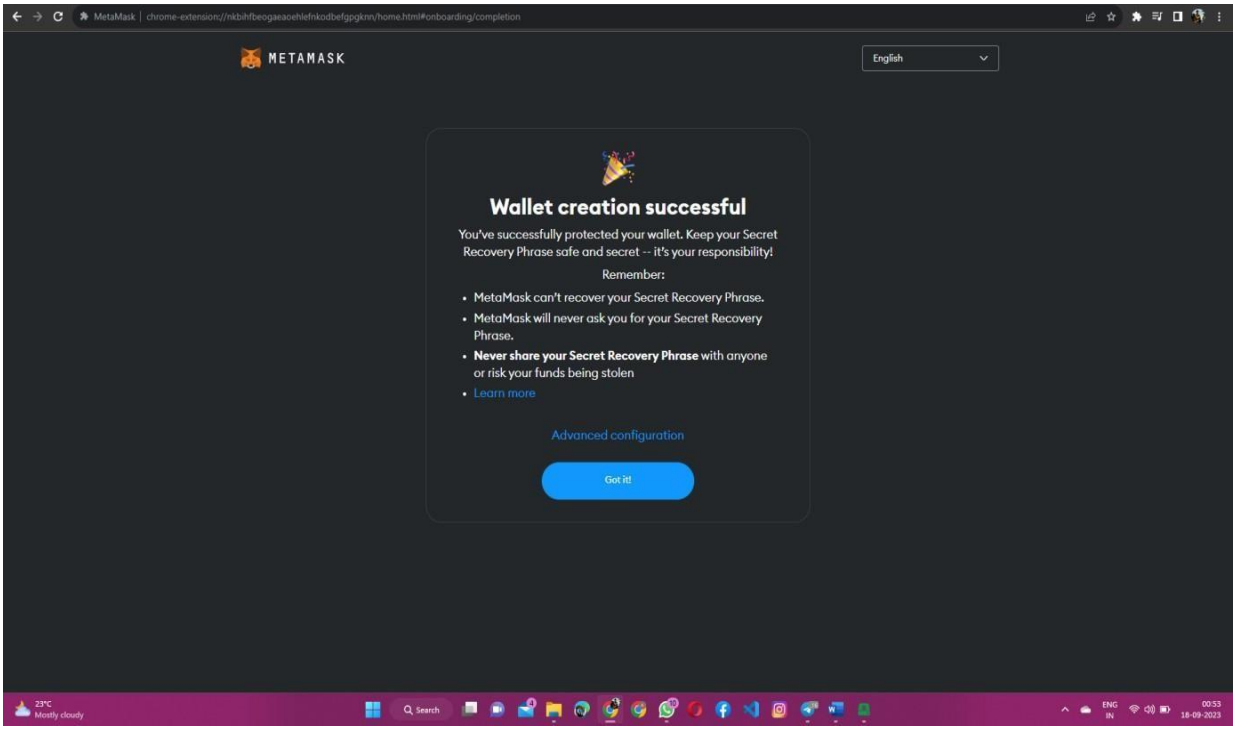
Step 8: Click on the dark area which says Click here to reveal secret words to get your secret phrase. This is the most important step. Back up your secret phrase properly. Do not store your secret phrase on your computer. Please read everything on this screen until you understand it completely before proceeding. The secret phrase is the only way to access your wallet if you forget your password. Once done click the Next button.

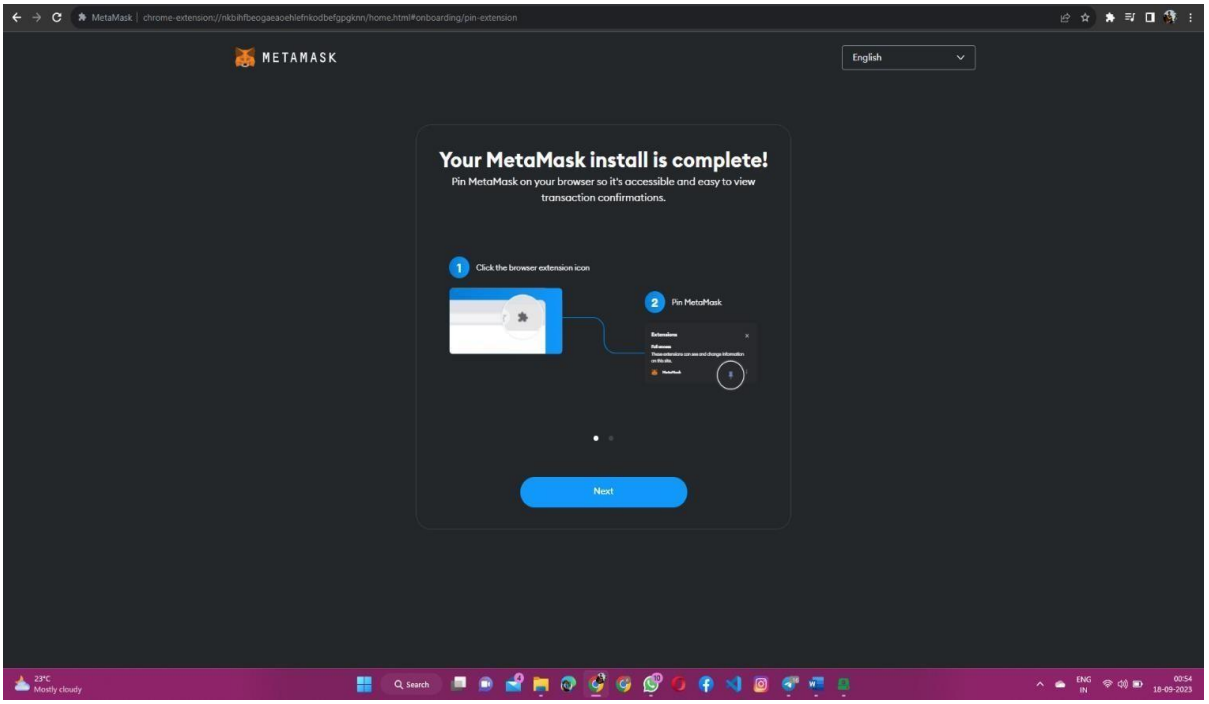


Step 9: Click the buttons respective to the order of the words in your seed phrase. In other words, type the seed phrase using the button on the screen. If done correctly the *Confirm* button should tum blue.

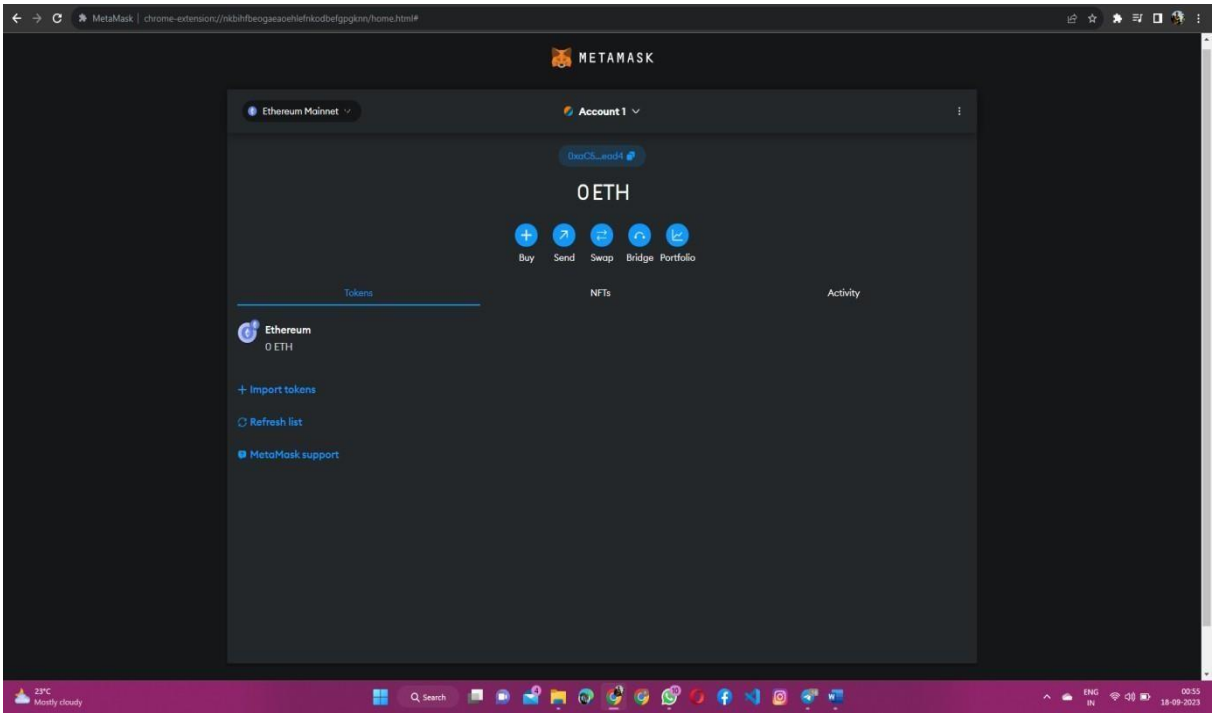


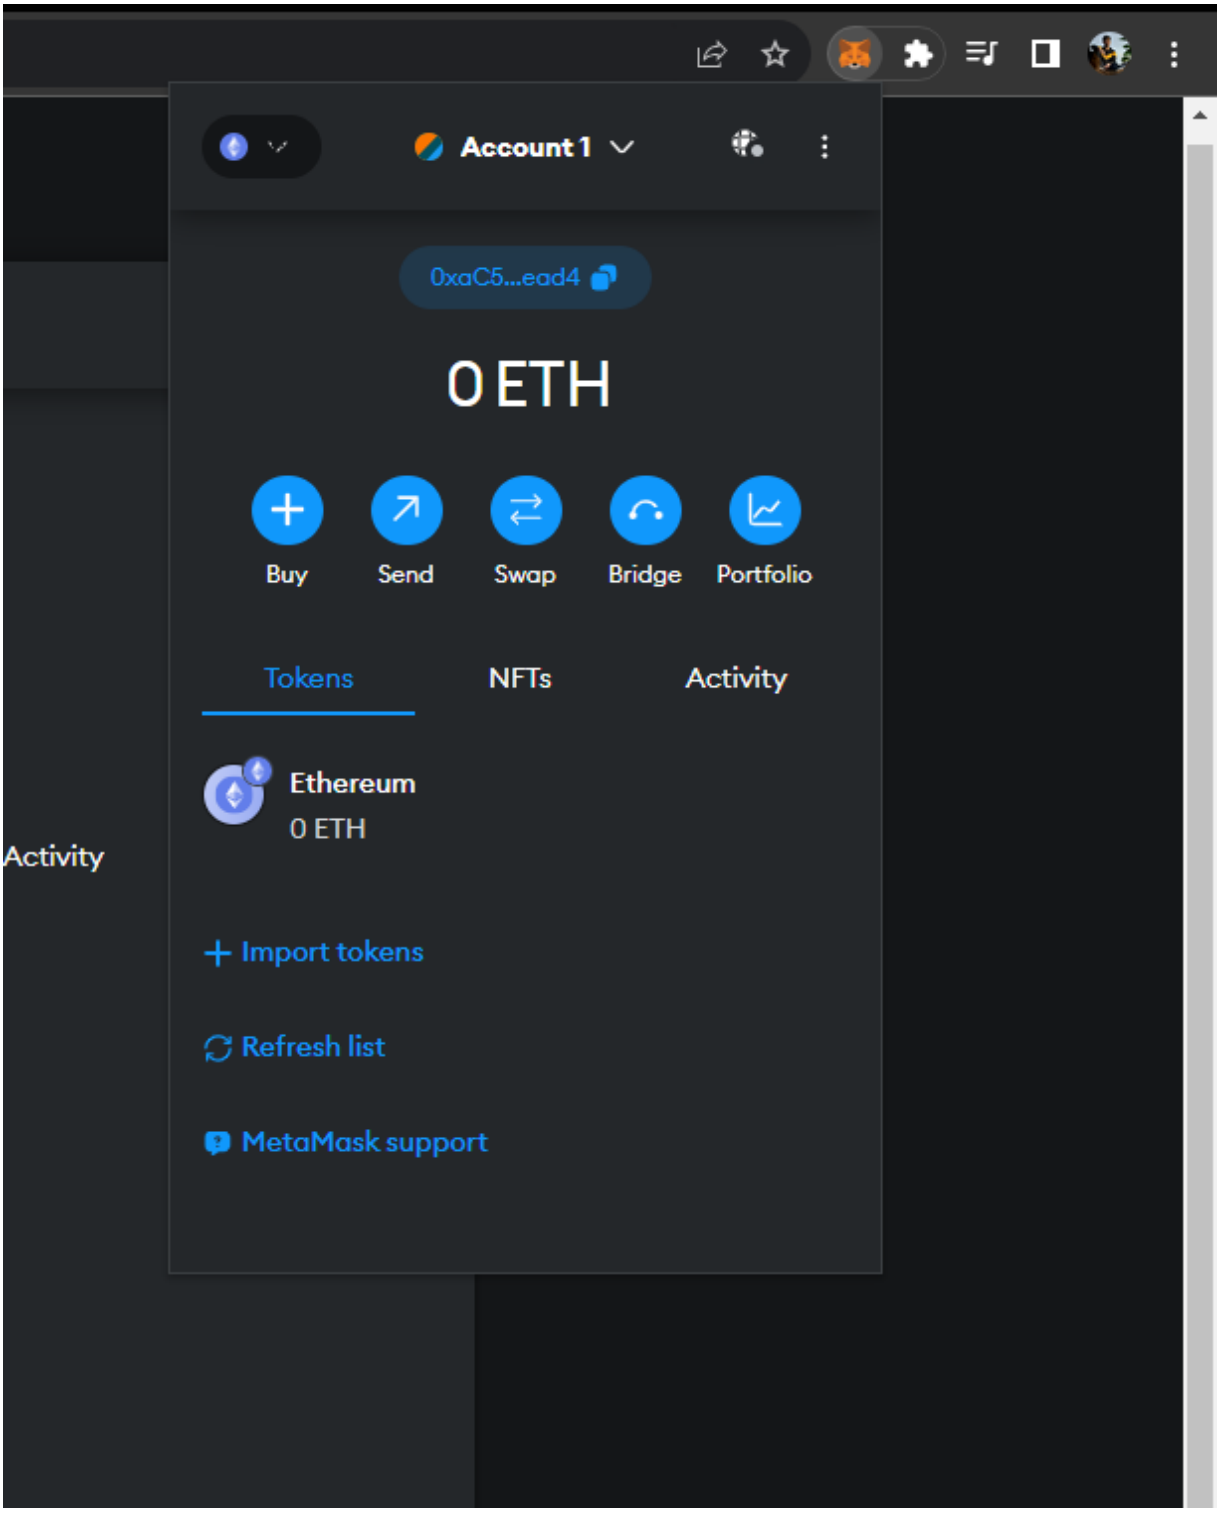
Step 10: Click the *Confirm* button. Please follow the tips mentioned.





Step 11: One can see the balance and copy the address of the account by clicking on the Account1 area.





Step 12: One can access MetaMask in the browser by clicking the Foxface icon on the top right.If the Foxface icon is not visible ,then click on the puzzle piece icon right next to it.
